FAIR® ATLANTA**

Atlanta—Thursday, June 4, 2026

WHO: IWF Atlanta

WHAT: Announcing the IWF 2026 CHALLENGERS DISTINGUISHED ACHIEVEMENT AWARD® Entrants

ABOUT THE IWF CHALLENGERS DISTINGUISHED ACHIEVEMENT AWARD®:

The IWF Challengers Distinguished Achievement Award is a world-renowned competition recognizing companies demonstrating exemplary achievement in the development of products, services, or manufacturing technologies and techniques created to advance the industry. A panel of nine distinguished judges—all recognized professionals drawn from across the industry landscape—review and analyze each entry.

From the full field of contestants, 20 finalists are selected to perform live demonstrations for judges' review on the day preceding the show opening. Judges render final decisions to select winners based on demonstration outcomes. Seven winners will be announced on IWF 2026 opening day, Tuesday, August 25. The finalists will be on display in The Challengers Award Gallery throughout the duration of the show.

ABOUT THE 2026 COMPETITION:

84 submissions from 65 IWF 2026 exhibiting companies comprise the field of contestants in the IWF 2026 Challengers Distinguished Achievement Award competition. Of the 84 contestants, 20 finalists will be announced on June 16.
